Assignment: 1977 Retrospect Dedication

Mr. George Spear has gone far beyond just doing his job as a teacher. He has, along with teaching Diversified Occupations and Distributive Education, started the Distributive Education Clubs of America (D.E.C.A.) program at Juanita High School. He has spent many long hours putting the D.E.C.A. program together and has worked hard to make it the success it has become.

Along with being the D.E.C.A. Club advisor and a friend to many students, he is also the J.H.S. girls swim team coach - and his list of activities doesn't end here. He has helped many students, those in his classes and those not, to

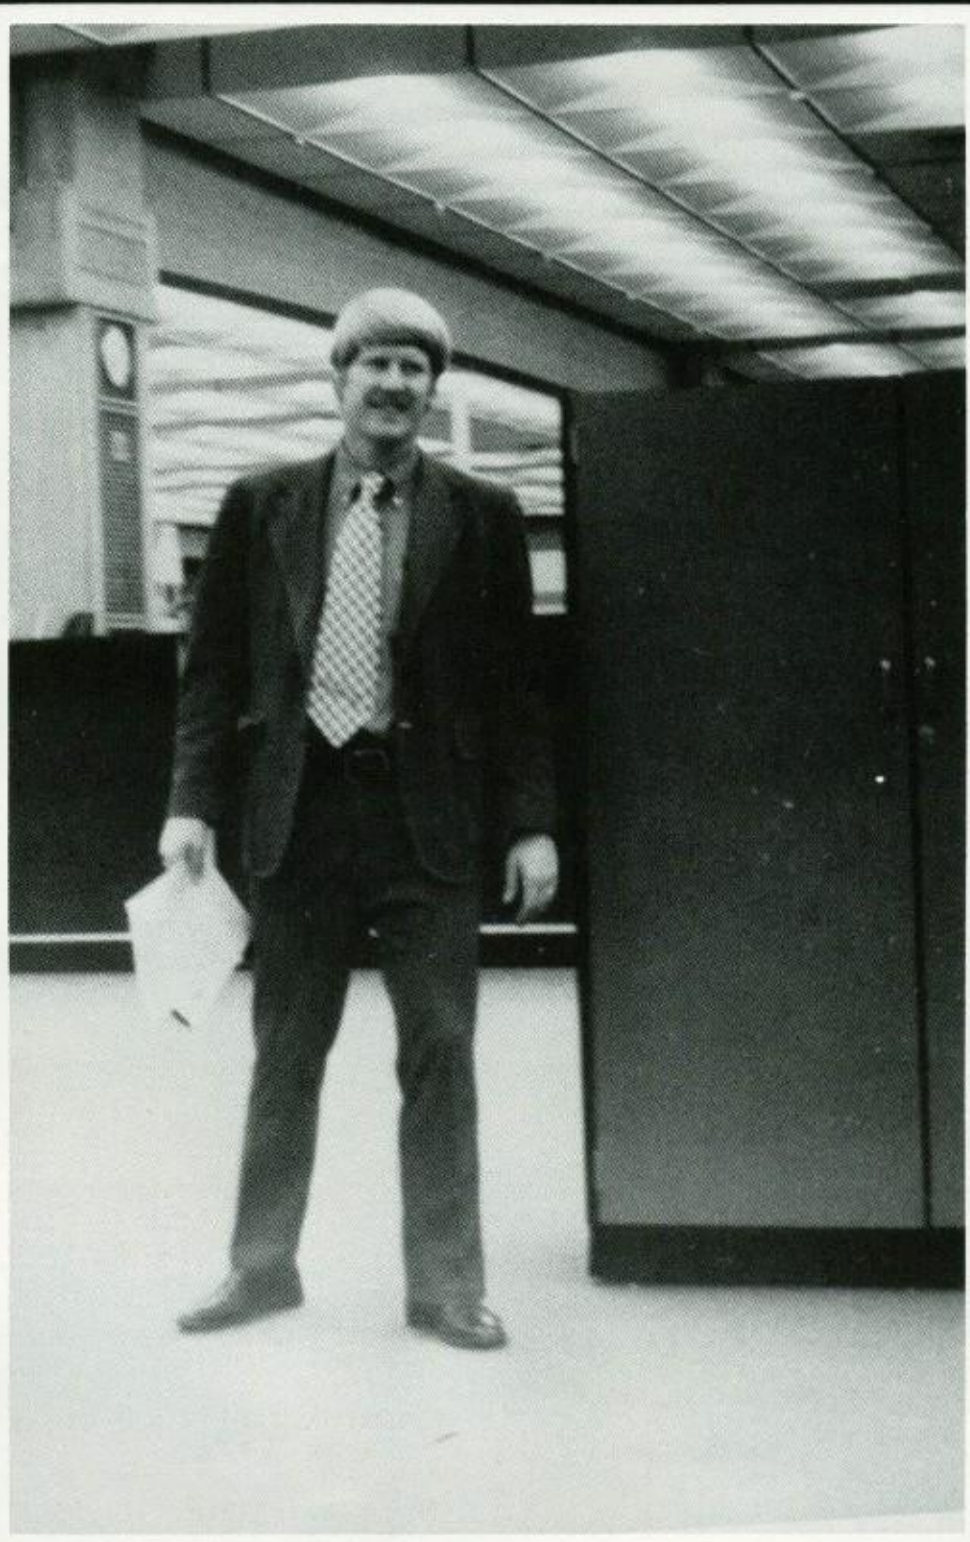

find jobs. During his free time between classes you will often see him engaged in conversation with one of the local merchants discussing ways of getting jobs for students. He not only spends his working hours helping students, but he cares enough to spend much of his free time to help them.

Mr. Spear has indeed made a great contribution to J.H.S. and its students, but possibly the greatest thing he has done is to set an example...an example of positive thinking and goal setting, following through with these goals becoming accomplishments. Mr. Spear is an

example of success, the kind of success that confidence, positive thinking, and goal setting can produce. More important, he has been a success in making many students at J.H.S. realize their potentials so that they can develop their own self-confidence and have success in their lives. Mr. Spear cares enough about all students to want to see every student become a success, to see the students of J.H.S. develop into a generation of people that will not only make our lives a success - but will make our whole world a success.

Not only a teacher, but an inspiration to those around him -- the 1977 Retrospect is dedicated to Mr. George Spear.

*When i look
in retrospect
i wonder
have we had it all
or has it just started?*

*We walk through our lives
fastening upon glances
faces and friends
Learning the real,
discarding the old.
We are new
and with our newness
a unique body awaits.*

*As a whole we band together
shouting demands—
surprized by appraisal.*

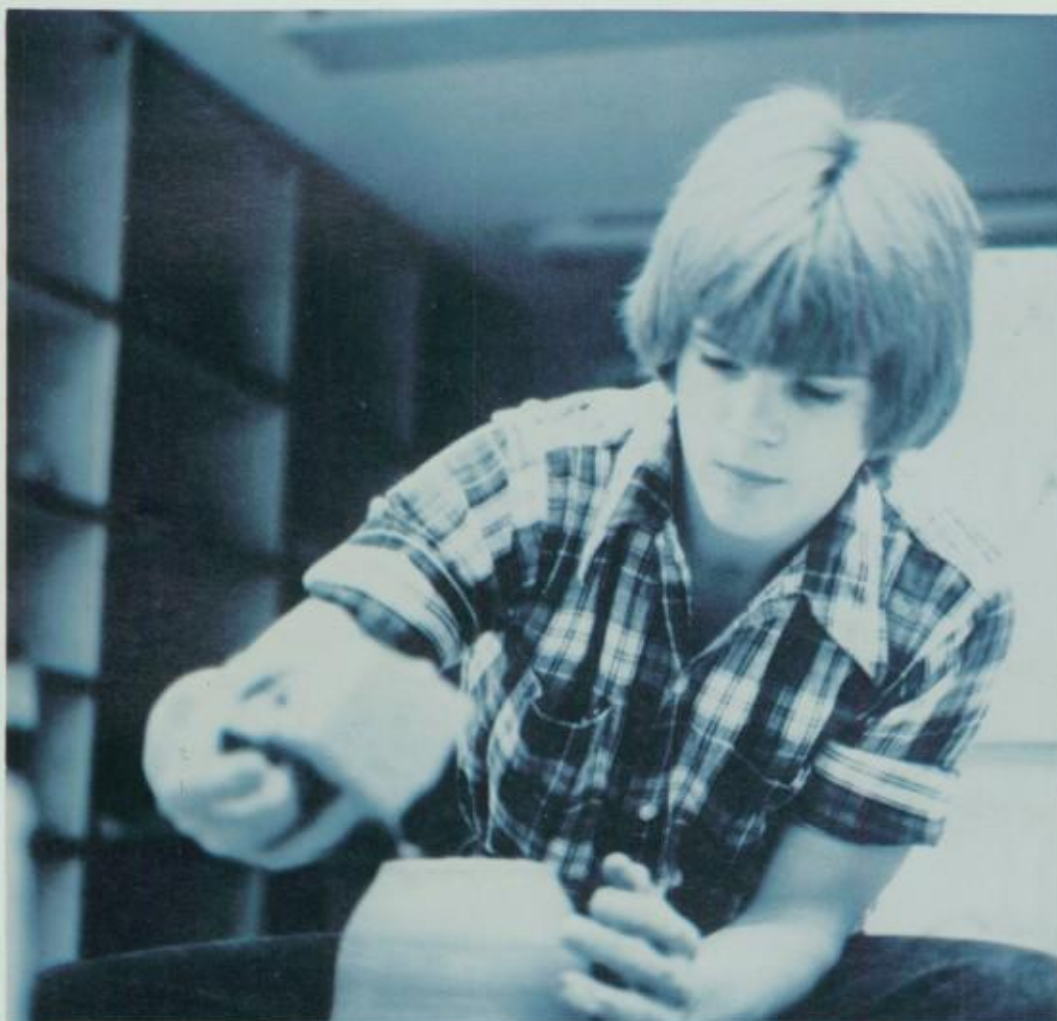

*We search out
in our world
go forth
with intellect....
and enthusiasm...*

*never stopping
to wonder why...*

*We go forth—
the past
cherished,
the present
exists,
the future
anticipated.*

Striving for Goals: Administration

The goal which Juanita set this year, to improve the school in all aspects, was related and propelled by the administrators.

Always trying to improve themselves, they benefit the school. They became involved in ITIP, Interscholastic Theory into Practice, a workshop which presented ideas for the improvement of instructional theory and teaching methods.

Interaction with the people who form our school was another step in helping Juanita reach its goal. Through the leadership class; started last year and developed more fully this year; they gave incentive and helped interested individuals, including much of the executive cabinet and student senate in their programs to improve the school.

Although we may not feel the effects of the administrators directly; they have been the driving force in our school in the attainment of its goals.

The cooks of Juanita High School may be the most unnoticed people in our school, yet they are also dedicated to their job. They arrive to prepare lunches at 7:15 am every day. The five cooks led by Mrs. Doris Baker work to meet N.R.A. standards for every meal. The cooks and their services are valuable to the entire student body.

As you enter the school each day you find the coke you spilled yesterday isn't there anymore. Without the custodians working around the clock to keep our school clean, the coke would still be there. The day custodian Mr. Warren Nelson, arrives at 6:00 am to open the school and stays until 2:30 pm, when the night shift takes over. They are the ones who keep our school looking and smelling clean day after day.

Behind The Scenes: Our Janitors

We are proud of the secretarial staff of Juanita High School. The front office was busy with student administration, credits, lockers, and the daily bulletin.

This year the L.R.C. was a quiet place to study and find references. The L.R.C. staff was run well and efficiently by head librarian Mrs. Ann Luckman with help from Mrs. Jane Roe, Mrs. Mathilde Rees, and Mrs. Diane Banister.

Mrs. Joyce Shahan as usual did an outstanding job keeping everyone where they should be. Mrs. Joyce Lofgren counseling secretary was fantastic help to the counselors, students, and staff.

A New Direction for Counseling

As friends, advisors, and keepers of general information, the counseling department had quite a few changes this year. There was really no designated head counselor, which affected communications and decision making inside the department.

Mrs. Elaine Bloomer came here after two years at Redmond High School as an English teacher and counselor. Mr. Dave Ovenell came back from an exchange program position in Hilo, Hawaii, and Mr. Don Alder shared his abilities with Lake Washington High School, being at Lake Washington three days a week and JHS two days a week.

During the past two years there has been an increase in the counseling load over what was originally planned as part of the JHS concept. As a result students are expected to be more self-reliant. The department moved towards more group meetings of students this year according to common needs and interests and fewer evening meetings because of a relatively low attendance. This factor made it increasingly important to respond to counselors structured meetings. They however did always try to be available on an individual basis.

Top Secret: Foreign Affairs

The foreign language department was busy in many International affairs this year. The trip to Hyak, which all students in the department look forward to each year, was a great success. The first semester exchange students enjoyed it a great deal, along with all the American students. Mrs. Wilma Price who teaches Spanish, Mrs. Karen Matsunaga who teaches French and Mrs. Annelise Clauson who teaches German all worked hard towards making the trip fun and enjoyable as well as educational. Other activities during the year included baking the native foods of Mexico, France, and Germany, taking exchange students to Mt. Rainier and Olympia. Taking some of the classes to see Robson Strasse and China Town in Vancouver B.C., a Christmas party, making gingerbread houses and of course the big money raiser, Mardi Fash Ca.

Successful Futures in Store For J.H.S. Students.

The Business Department in its superb manner of operation and organization was able to carry on its effective and useful program this year with numerous benefits to many students.

The Diversified Occupations program (D.O.) headed by Mr. George Spear, benefited the students in such ways as helping them find jobs, helping the student understand exactly what is taking place at their job, helping the student develop communication skills, teaching them how to get promotions and how to solve problems that occur at work. What all this amounts to is a greater understanding of what transpires in the business world. The only problem that occurred this year with the D.O. program was not enough students had the opportunities to take the class, since the sections were cut from three periods to one, therefore not reaching enough students. The students who did take the class seemed to enjoy it very much. Statewide, D.O. students make more money than the average student worker.

A new program was developed this year in the business department. Distributive Education developed with the recommendation of the state and the increased demand for knowledge about business operations indicated by the types of jobs the D.O. students had. With the dedicated efforts of Mr. Spear, the excellent cooperation from the administrators, staff and students and the adequate funding the program was a major success in that it provided the students with an understanding of the fields of marketing and distribution. Mr. Spear commented that, "It also provides young people with a way to participate in business actions in the classroom, they learn business organization while setting up the student store, attending leadership conferences, participating in Distributive Education Clubs of America (D.E.C.A.) as officers and members and by being exposed to the business community."

Students are becoming aware that business skills are a necessary part in the business world which is why there has been an increase in classes such as typing, business law and accounting.

Ms. Laura Lucas, Mrs. Margaret Ames and Mrs. Suzanne Simonson, the three teachers who conduct these classes all feel that the students this year are a lot more mature and really want to learn, also that the students coming in from Kamiakin are better prepared especially in the Business Education department because they know what to expect.

The Home Economics department was also concerned in preparing students for the future by giving the students an awareness of the things they'll have to do when they start living on their own. More boys have become involved with the home-ec department this year especially in foods. The boys showed creativeness in other areas though with projects that included hand made ski bags, placemats, puppets and down ski vests.

Discovering Our Abilities

Within the fieldhouse walls, there is an atmosphere of devotion to keep in shape and have a good time. This year's P.E. department offered a wide range of activities for students. Mr. Bob Anderson and Mr. Dick Bjerke were often seen building young athletes on the basketball courts. Likewise Mr. Bill Crow developed skillful soccer players and powerful gymnasts. Volleyball techniques and swimming strokes were brought out by Mrs. Jef Donovan and Mrs. Karla Hansen. Mr. Doug Steensland taught students the appropriate way to swing a tennis racket.

Students and staff alike enjoyed working together this year. Life in the fieldhouse was not all work this year, people were there to enjoy themselves.

Knowledge and Safety Here at JHS.

Throughout the years, if students of Juanita High School wanted to learn to drive they had to meet up with Mr. Don Lund sometime in their student career. Drivers Education is a very valuable class at Juanita for it trains the minds of society's young drivers to be safe and sane at the wheel. Throughout the semester course, many safety precautions are taught along with basic motor skills, establishing the importance of knowing your car.

Senior Health is a class required of all seniors to graduate from Juanita High School. It basically teaches the students to be more aware of what is going on inside their bodies and out. Mr. Dick Bjerke and Mr. James Kjolso lead the department throughout the year, establishing relationships with students of good will and understanding.

* Mr. Ted Jensen looks up from his work and gives one of his glances.

* Mr. Vannet points out the steps in a good campaign to Dianne Hatch.

Opponents Spiked!

Social Studies expands its wide teaching abilities by adding two new members to its staff. Mr. Russ Harried, here on exchange from Hawaii, took Mr. Russ Sheldon's place for a year. Mr. Ralf Musabaum, right out of the University of Washington began his teaching career here with some bright and new ideas.

Seven returning veterans dedicated their capabilities to provide students with a supreme social studies curriculum. Mr. Dave Vannet went all out this year to inform students on the election issues. Mr. Vannet scheduled many guest speakers such as state representatives Rod Chandler and Gary Matthew.

With the added staff and the guest speakers this year the Social Studies department had a busy and productive year.

The Art of Language — and Life!

This year's Language Arts department consisting of eleven members led their classes through the fauna and flora of learning how to read and write; a skill much needed by the students of Juanita High School.

New this year, is Ms. Pat Smith who taught Writing Like a Pro along with Ms. Rollynn Anderson and Ms. Kate Lawler. Coming to us from Kamiakin Jr. High, Ms. Smith was very anxious to become involved with the Senior High activities.

Rounding out the L.A. department, Ms. Esther Barclay worked closely with staff and students to improve the general reading ability of students. Special courses were set up with students on an individual basis for specific reading impairments.

Among the several mini-courses offered this year are Reading Seminar and Creative Writing which are popular within the curriculum. Writing Like a Pro led the list of classes for seniors, while regular sophomore language arts filled some schedules.

Language Arts is a highly valued artistry, and as with science and math will always be around to help students learn to understand and communicate in their environment.

Enrichment Through Calculations

The Math Department was given a pleasant surprise this year. An exchange teacher from England, Miss Grant is taking and exchanging with another teacher of Juanita High School.

Also in the math department there was another addition. Within the testing area where the supervision was on a rotating schedule, a permanent supervisor was established, Mrs. Dixon. This gives the teachers full time to deal with their students.

This year's department consisted of seven members and some of the classes offered were: Beginning and Intermediate Algebra, Geometry, Math Analysis, Trigonometry, and Calculus.

Concentration and Discovery in Science

Biology, Chemistry, Physics, and Horticulture were some of the classes offered by the Juanita Science Department this year.

Chemistry was popular among the seniors although there were some underclass students taking the course. Biology, a class taken by most students sometime in their student career was not highly populated but of a nice general size.

The all around goal of the science team was not totally to just give grades but to help the students understand and care more about their environment in which they live.

Clockwise from upper left:

- * Mr. Gary Groen has one eye on the class and other on the camera.

A Universal Language

Harmony was the key note this year in the music department as Mr. Tom Reich and Mr. Bruce Gutgesell put in their combined efforts for an excellent departmental program. Mr. Gutgesell from the University of Oregon in his first year of teaching taught stage band, piano and symphonic band, while Mr. Reich returning from a year of teaching in the Highline school district taught concert singers, swing choir and music lab. Highlights during the year included a Holiday concert held on December 15, a dinner concert on February 15, a music festival at Shoreline high school on March 4th and 5th and the spring concert in June.

Clockwise from upper left.

* Music teachers Mr. Tom Reich and Mr. Bruce Gutgesell take a moment out to relax.

* Mr. Ralph Nussbaum is ready to go to work with broom and dust mop in hand.

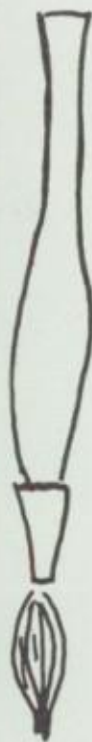

* Art teacher Mr. Glenn Greer smiles for the camera.

* Mr. Bob Koll wonders what is to become of this picture.

* Ms. Susan Ruble shows her patience as she gives constructive criticism to one of her art students.

* Mr. Bruce Gutgesell keeps the rhythm.

* Art team from left to right: Mr. Russ Nussbaum, Mr. Tom Short, Aide Mrs. Robin Morrissey, Mr. Glenn Greer, Mr. Lee Bogle, and Mr. Bob Koll.

A Philosophy- and Way of Life.

Mr. Lee Bogle, Mr. Glen Greer and Ms. Susan Ruble, the three art teachers feel the JHS creative arts programs approach is to help the student develop an understanding for the reasons behind art. Art is more than just a process, art is a philosophy and a way of life which can shape a person's attitude. With the nature of art being so broad including such areas as radio, theater, television, commercial advertising, art is a way of thinking. There is a place for everyone and what the JHS art department wants to do is open the doors to everybody to find their place.

Art reflects personalities and the art department must have some great personalities because it displayed a touch of class along with its creativeness. Throughout the year and especially at the art fair, proof of the creativity and talent of the participants was evident. Such things as teapots, cups, bowls, planters, goblets, and lamps came from our pottery experts. Bracelets, rings, belts, necklaces, and earrings were a few of the items produced by our master jewelers and paintings, sketches, and drawings were created by our resident Michelangos.

The industrial art department with the addition of rookie teacher Mr. Ralph Nussbaum along with Bob Koll and Mr. Tom Short worked successfully together with the creative art department this year in some projects. A second year program which has been completely successful is a federally funded building construction class which helped build part of the student store. The industrial arts classes also turned out some magnificent pieces of furniture and woodwork for the art fair.

Building for the future with the start of a whole new world: the sophomores went forth expressing their enthusiasm.

Sophomores showed their spirit this year during homecoming, by the fantastic they decorated and presented brought awes by spectators including the other classes. The skit the performed also came over quite well.

This year's sophomore class was one of the best yet. Spirit showed plentifully. Academically they pushed forward to their lifetime goal; Graduation.

Thesis : Seniors Are the Best!

Sarah Abbenhouse
Kris Ahron

Ginny Allan
Kari Anderson

The Class of "77" has had its ups and downs in the four/three years we've been here.

One of the disappointments was that the ninth grade was split, so many friends were separated, though only for a year. But for all the bad there was double the good. And our class is the last to remember Juanita before the levy failed. We remember Mods, Chester, and the S.A.C. with comfortable chairs and without the wall.

So, we are the last of a special system. The last to remember Juanita the way it was.

Memories, Friendships and Dreams Come True.

Clockwise from upper left:

* Smiling impishly, Ulrike Neumann is glad she finally has her free hour.

* "No, you can't have a piece of my orange," says Katharina Neumann to our staff photographer Terry Buchacher.

* Astrid Fischer can't believe that it is only third period, "It must be sixth!"

* Ulrich Oschilewski can't help but smile at some of the antics of Juanita High students.

* Making a disgusting face, Elisabeth Gallhoff finds out the hard way that you don't do that to an Annual Staff photographer.

* We tried to get them all together and this is who came: First row left to right; Anne Hendrikson, Ulrike Neumann, Eva Schulte-Noelle, Astrid Fischer; Second row: Elisabeth Gallhoff, Katharina Neumann, Hans Bussman Third row; Norbert Roers, Ulrich Oschilewski, Hendrik Thomé, Marcus Müller; Fourth row; Jose Orozco. Missing: Micheal Breckwoldt, Lothar Duda, Rainer Engelmann, Maria Fork, Mario Kertscher, Marcellino Schröder and Lileni Perez.

The German Exchange Program has grown from a mere six in 1972 to a whopping 18 in 1976. The students come mainly from four cities in Northern Germany; Duisburg, Emmerich, Hamburg, Lübeck and their suburbs.

Duisburg lies where the rivers Rhine and Ruhr meet. It has one of the world's largest inland harbours and produces a third of Germany's steel. It is in the state of Nordrhein-Westfalen. Hendrik Thomé and Axel Freude come from Duisburg and Hans Bussman, Lothar Duda are from the suburb of Hamborn, while Elisabeth Gallhoff is from Meiderich.

Emmerich is 45 minutes from Duisburg, going north. It too has an inland harbour, though not as large or prestigious as Duisburg's. Astrid Fischer, Ulrich Oschilewski, and Eva Schulte-Noelle are from Emmerich. Marcellino Schröder is from nearby Kleve, Norbert Roers from Elten, Maria Fork from tiny Milligen, Rainer Engelmann goes to the same school as the others, but he lives in Holland.

Hamburg has one of the world's largest harbours and Germany's most important one. Hamburg is in the bottleneck part of Germany and is one of Germany's few city states. Micheal Breckwoldt, Marcus Müller and Anne Hendrikson are from Hamburg. Mario Kertscher is from the suburb of Grosshansdorf.

Lübeck is also a harbour city. In it are two of Germany's most famous landmarks, the two towered towngate and the many towered Rathaus (Townhall). The Neumann sisters, Katharina and Ulrike are from Lübeck. Lübeck is in the state of Schleswig-Holstein.

The Mexican Exchange students stay for a whole year, instead of just a semester like the German students. Jorge Orozo is from Mexico City. Laura Levja Vezquez is from San Luis Potos, and Lileni Pérez is from the town of Michoacán.

So the students come from towns that are similar, in some ways, to our own and completely different in others. But they all agree that Seattle is beautiful.

Spirit Carries on Through The Season

Although finishing 1-8 this season, the football team's spirit never diminished. The team was under new head coach Mr. Herold Bergh, who coached at Remond Jr. High previously. While coach at Juanita, he still taught at Redmond.

The evening before each game, the team would all go out to dinner at a pizza parlor or perhaps one of the player's home.

This year's team had its share of close games and near upsets. The Rebels led most of the game against Bothell, only to lose in the final minutes on a long touchdown pass. The Rebels, who lost to state champion Foss last year, got their revenge by beating the champs 21-13 in a non-conference game.

Offensively, Craig Farley led the team in rushing. Defensively the team was spearheaded by Ted Parry, who led the Rebels in tackles.

Coach Bergh summed up the season by saying: "I was pleasantly surprised by the leadership shown by the seniors. They held the team together through its ups and downs."

Pajama day, spirit chain and the greatest assembly in the history of Juanita highlighted the week of Homecoming events this year. Monday, November first was "Overall Spirit Day", Tuesday was Sophomore day. The sophomores sold spirit chains, the idea behind it being whichever class bought the most chains had the most spirit. The sophomore class won. Wednesday was Junior day. All the Juniors wore T-shirts around school. Thursday was Senior day. All the Seniors- wearing pajamas, met in front of school at 7:55 and proceeded to march around the school yelling S-E-N-I-O-R-S, SENIORS!!! There was great participation on Senior day from our ASB Vice President and Treasurer to football players and cheerleaders, from Senior cabinet members to annual staff members. Thursday was also the powder puff football game in which the Juniors good luck came through to give them a 13-0 win over the Seniors. The seniors played a great game and were in possession of the ball more of the time but the juniors made the touchdowns. Friday was the historic assembly. The field house was packed and excitement rose as the sophomores, Juniors and Seniors performed skits in front of the student body. The crowd in the field house had more spirit than has ever been seen or heard inside the walls of JHS, but the excitement during the day was nothing compared to that at our football game played at Redmond high school against our all-time rivals- the Lake Washington Kangaroos.

Royalty announced during the game included Debbie Cory and Greg Cowell as Sophomore prince and princess, Patty Weymer and Dan Brooks as Junior royalty, Susan Higley was Senior Princess with Dan Houlahan and Dave Miller in a two way tie for Senior prince. Kim Burmeister was crowned Homecoming queen by last year's queen Lynn Nystrom and Eric Holt was pronounced Senior King.

Other half time events during the game were floats from all the classes, the PTSA, the Staff and a performance by the newly formed drill team.

Saturday night November 6th was a Semi-formal dance held from 9:00-1:00 which featured the rock band Star.

Comments from everybody about homecoming were extremely complimentary, and the general feeling was that with all the spirit that was showed and with the great participation by everybody, Homecoming this year was the greatest ever.

J.H.S. Girls Tennis Team Rallies for Win!

This year's team faced a variety of tough competitors. Coach Karla Haneen kept her team in good condition and high spirits all season. First singles were played by Sheri Anderson and second singles were played by Vicki Rider. The number one spot for doubles was filled with Tammy Ravert and Cindy Groesbeck. Angie Smith and Gail Peterson did a good job in playing second doubles for the team. Though the season record was two wins and five losses; the girls Tennis Team looks strong and promising for next year.

Volleyball Team Spikes Opponents

"Jump" "Set" "Spike" gave this year's Volleyball team inspiration to complete the season with five wins and five losses. Ms. Cathy Michealis new at JHS took the coaching job with great enthusiasm. The team gave its all out effort to break the two year losing streak. "Improvement" was the key goal of this year's team. Ms. Michealis confirmed this saying, "The team has to be the most improved team in the league." A major reason for the success was the positive attitude of each team member. "We won!" cried Vicki Burmeister after the win against Sammamish. The Volleyball team consisted of 14 members with no returning varsity letter persons. Due to the low turnout of athletes JHS went with just a varsity team.

This year's team captain was Katharina Neuemann a German exchange student. She did a fantastic job by guiding her team in a fulfilling and rewarding season.

Splashing Success ... Victory!

The winning style of the girls' swim team brought them many victories during their swim meets. Outstanding performances by Danette Ross, Kathy Hutchinson, Seri Sedlacek, Laura Barker, Kelly Boggs, Susan Sedlacek, Siggy Strong, Marcia Hall, Sue Holt and Julie Wilson during their season helped produce scores such as 105 Juanita-Northshore 56, Juanita 102-Interlake 58, and Juanita 106-Bellevue 65. All the girls did an outstanding job this year under the coaching of Mr. George Spear who was able to give them encouragement and inspiration.

The girls finished 6th in District III with a trophy and two more girls than last year qualified for the state meet. State qualifiers were: Siggy Strong, Kathy Hutchinson, Stacy Sedlacek and Seri Sedlacek for the medley relay, Kathy Hutchinson for the 200 individual medley relay, Danette Ross the 100 Butterfly, Danette Ross and Cindy Lastowsky for the 500 freestyle, Siggy Strong for the 100 Backstroke, Cindy Lastowsky and Kathy Hutchinson for the 100 Breaststroke and Danette Ross, Cindy Lastowsky, Laura Barker, and Seri Sedlacek for the 400 Free relay.

Wrestlers Pin Down A Successful Year

With only four seniors on this year's squad, Coach Larry McDonald's team is expected to start the season slowly as the sophomores and juniors developed. The team just kept improving as the season progressed. Because of the youth of the team, the first part of the season was mostly learning.

Coach McDonald commented, "This was the best group of underclassmen we have had in several years and we can expect a strong team to develop this season and one that will do well in the tournaments." He also added, "The next two years should see the wrestling teams fortune increase."

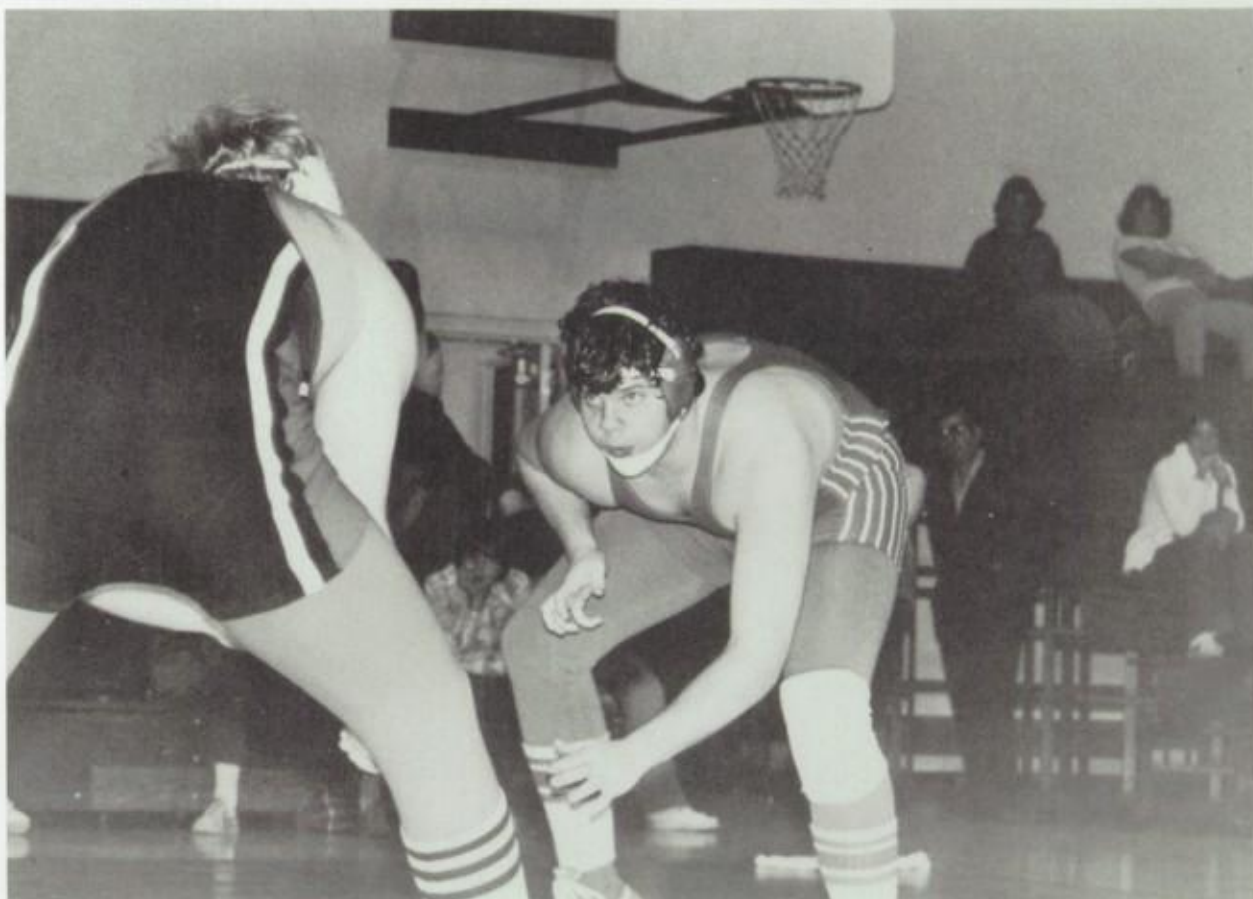

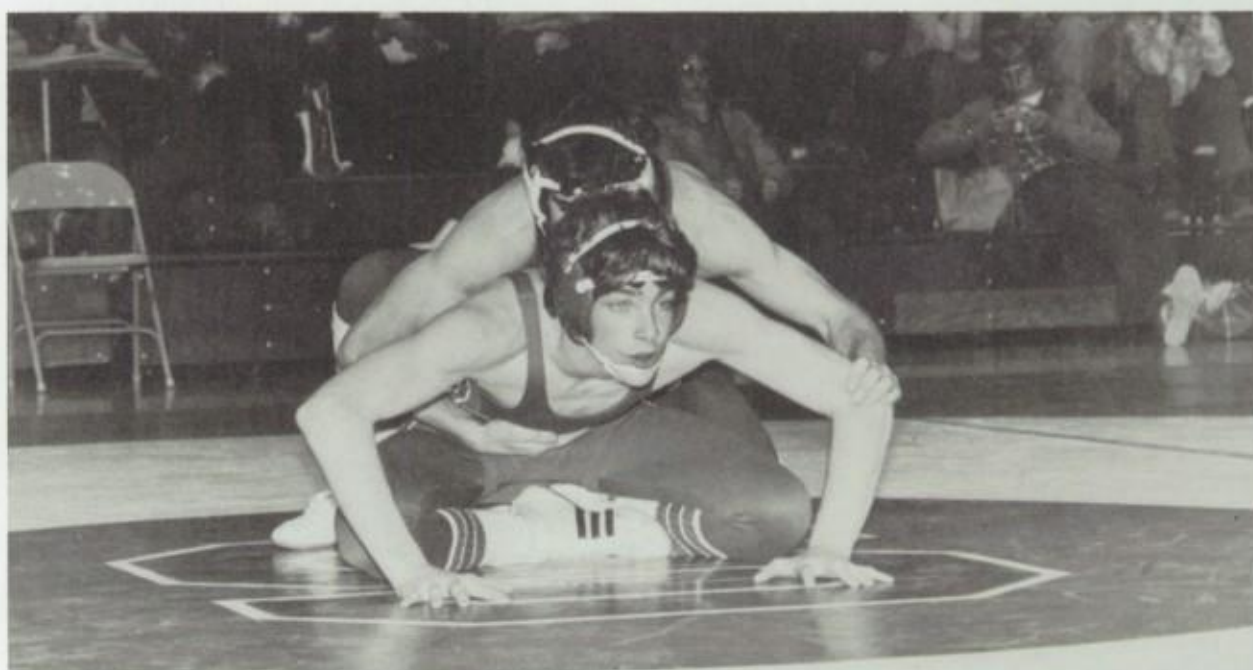

The team was led by seniors Gary Schnabel Frank Lotshaw, Dan Sexton and junior Jay Greenwood.

Rebels Girls Shoot For The Best.

This year's Girls' Basketball team vastly improved, with all of last team members returning along with the new hopefuls. Coach Dick Bjerke stated that "he expected the team to win at least 50% of its games." The league our girls competed in is considered to be the toughest in the state, but we expect to compete for one of three entries in the state playoffs.

The team returns with much more experience and depth and is a well-rounded basketball team. The only weakness seemed to be shooting for a good percentage. Coach Bjerke hoped to improve on that as the season went on.

Dana Rasmussen was the top scorer for the Rebels, while Vicki Burmeister led the team in rebounding. Outstanding seniors on the team were Sally Everett, Janice Springer, Sheri Anderson; and Camie Harper was captain of the team.

This year's gymnastics team, consisting solely of juniors and sophomores, excelled in every event throughout the entire season. Their goals were to first win the King-Co Championship and then to take the team to state. Another goal for the team was to work each individual to her highest potential.

Coach Jefri Donovan stated, "This is the best team I have ever coached. They have great team spirit, are hard workers and are enthusiastic." She also added, "They want to be No. 1 and they are working very hard for it."

The team was led by key juniors Lisa Kernell and Julie Harrison who did a great job all season.

Final Chapter: State Playoffs

This years Varsity Basketball team started out great and just seemed to get better as the season progressed. Through plenty of hard work and practice they accomplished its primary goal by finishing a top of Divison 6 with a 13-2 league record. The team had its share of excitement throughout the season as demonstrated by narrow escapes over Cleveland, 62-59, Anacortes, 55-52 and Lake Washington, 72-65. They also lost a heartbreaker to Sammamish in the final seconds, 52-51.

The team was coached by Mr. Bob Anderson and assistant coach Mr. Rick Zydek. Coach Anderson stated "We can be a tremendous offensive power when everybody contributes." This was evidenced against Inglemoor when Juanita trailed throughout most of the first half. We then exploded in the second half and set a school record of most points scored in a single game; winning 99-74.

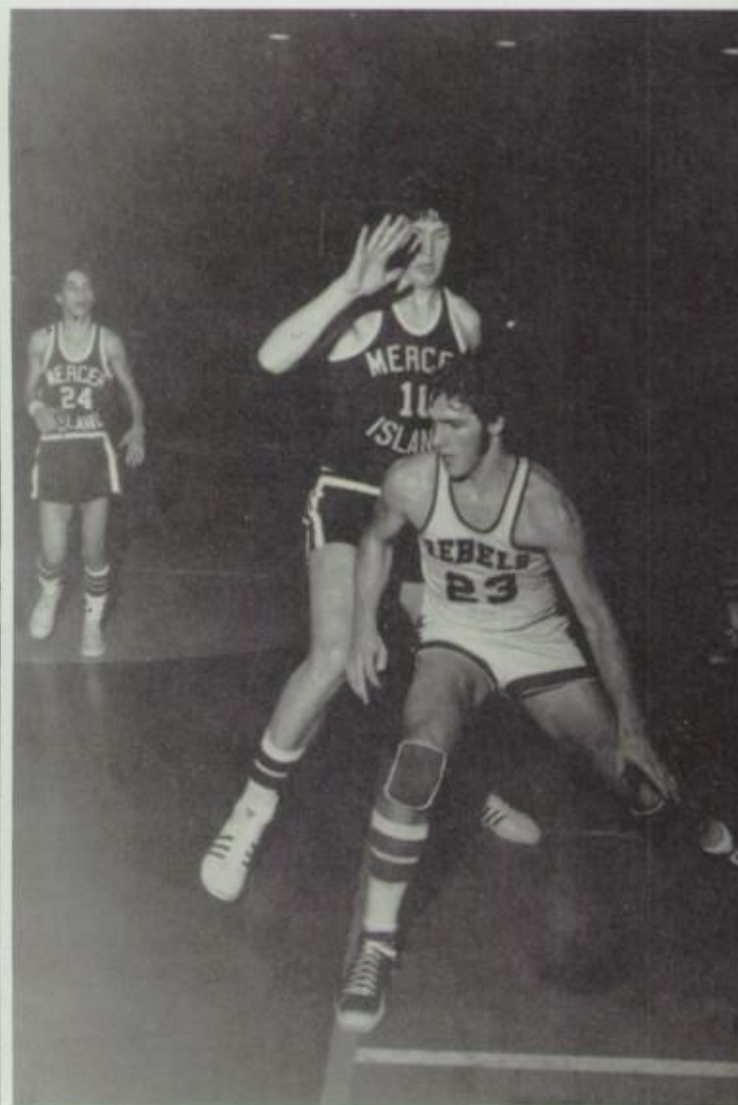

Outstanding players for the Rebels were Seniors Steve Jackson, John Boyden, Bill Fuller and Junior Grant Cusac. Jackson led the league in scoring and the team in rebounds. Overall the team was unselfish and had a great attitude. It was truly a successful season for Rebel basketball.

A Happy Ending For Basketball

Lyla Snyder's other Dream boy #13

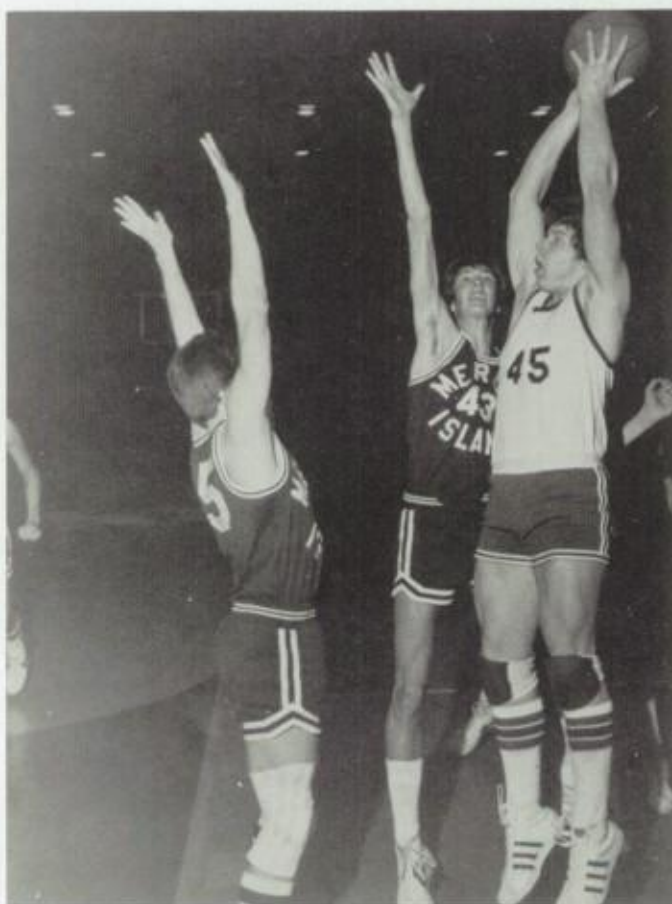

The Junior Varsity Basketball Team had a good year with a league record of 12-3 and season record of 16-4. They won the Junior Varsity title. They were able to hold opponents to 48 points per game while averaging 62 points per game themselves. A combination of teamwork, strong defensive play, and hustle accounted for the teams' success.

The team was led in scoring by Craig Delles, Craig Misuadye and Steve Darcy. Bill Sims and Ted Parry were consistently strong on defense and provide excellent leadership.

Highlights of the season were the 70-54 win over Mercer Island, the 54-40 win at Sammamish, and the 59-55 win at Bellevue. The defensive highlight of the year was when they held Sammamish to two points in third quarter and held Redmond to 1 point in the fourth quarter.

Rebel Boosters....

Rebel Runners Always A Step Ahead.

The track team is one of the few sports that the boys and girls compete in the same season, and the only one to have them practice together. This year's team was a young team, only a few seniors turned out. The ranks were rather thin, but Head Coach Jock McLaughlin was optimistic.

"There are a lot of young people out there who will do well in the future," he said.

The staff and students were encouraged to help at the track meets. Timing races, measuring jumps, shot put and discus. Numerous people turned out to help.

Track at the High school level is basically an individual sport, because the individual may triumph continuously yet the team as a whole may not. But there is more to winning than just placing first. To the person who never wins a race there is triumph to finishing it, running that whole distance. The victory of bettering your time, if even just by a fourth of a second. Of making it over that bar. The knowledge that you can run 50 yards in 3.7 seconds, or throw a discus 10 yards.

In track winning isn't just that you beat everyone else, but what you have gained in doing so.

Boys Tennis Team Has Novel Year

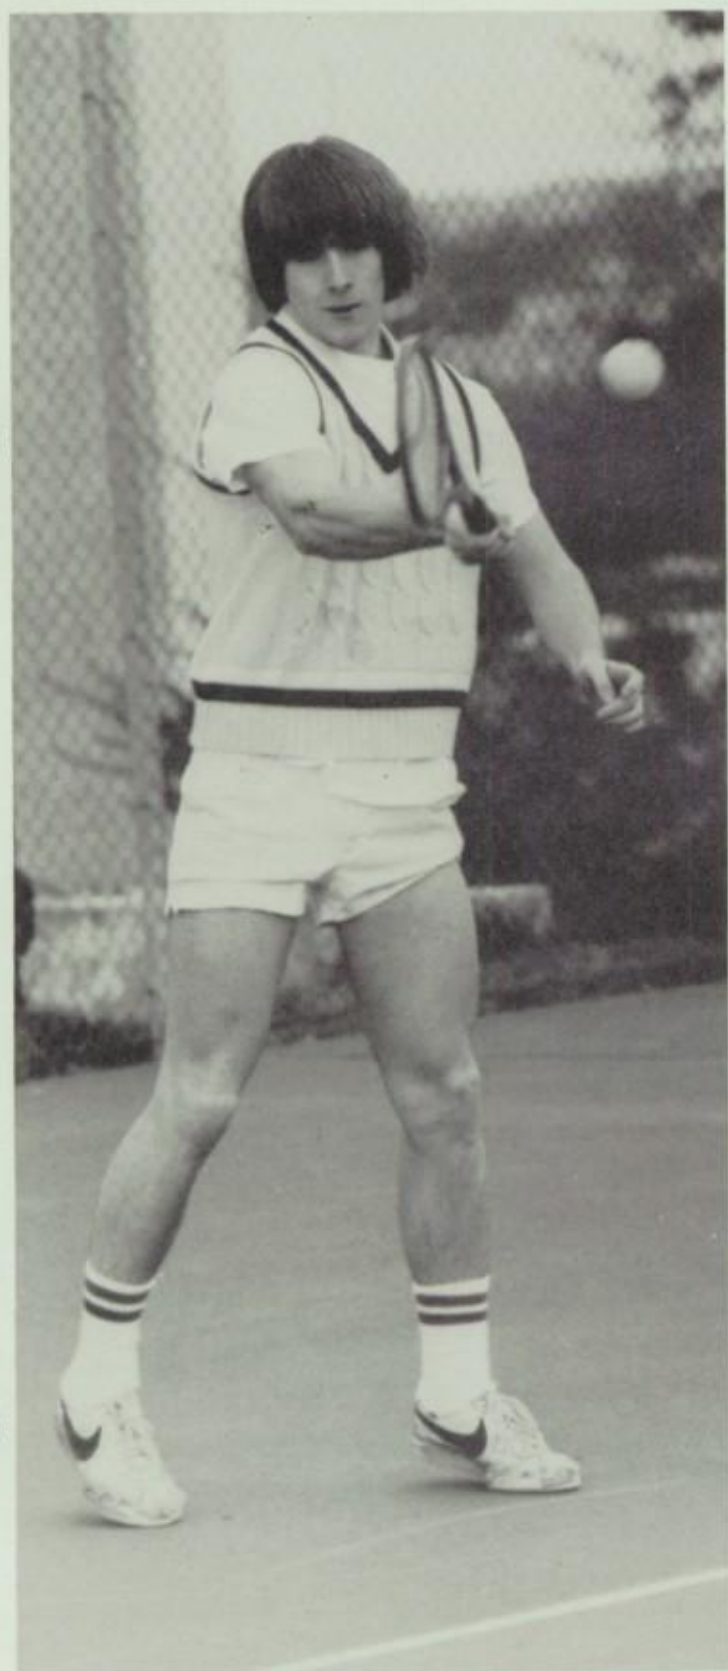

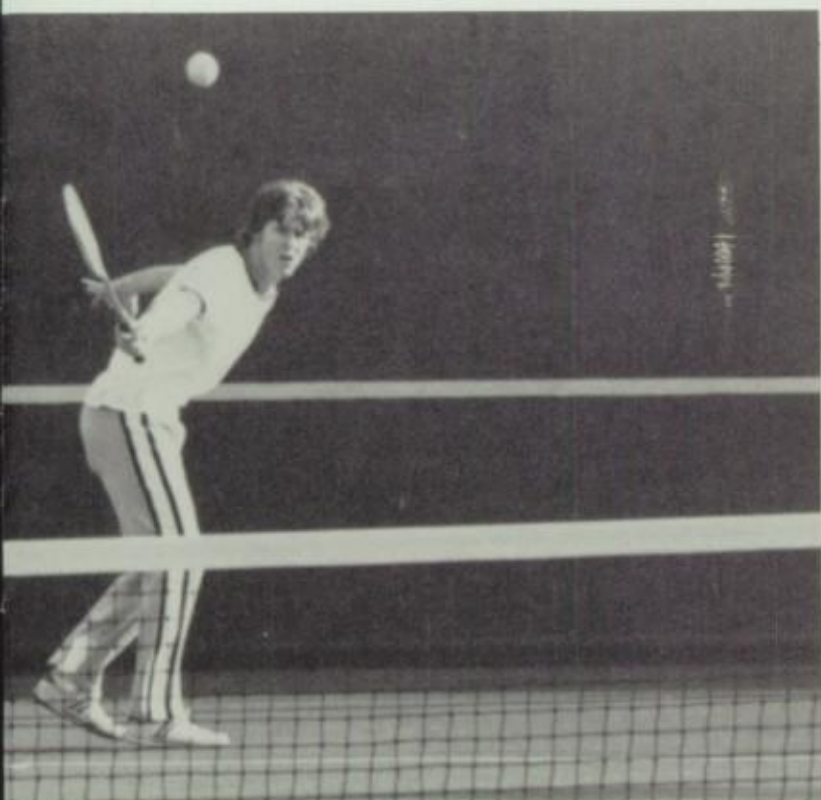

Playing in the toughest league in the state, this year's Boys Tennis Team had a challenging season. The team was a young one, consisting mostly of sophomores and juniors. Coach Brian Bloomberg stated, "The team has plenty of eagerness and are very optimistic about the season." He added, "This group has lots of potential."

Through plenty of hard work and experience as the season progressed, the boys improved vastly. Outstanding members were Arne Hall, a sophomore, and junior Jim Vaughn, who were the 1st team doubles. Hall was also the 1st team singles player. The team had fun throughout the season and achieved their potential through the experiences of the season.

A Word in Closing: This Years Team an Inspiration.

This year the Girls Soccer Team dribbled their way to fame. Ranking high in the KingCo league the girls worked hard under Coach Glenn Greer. Coach Greer worked well with the girls and they responded with many strong wins. The opponents were not only challenged by a tough Varsity Team but also by a competitive Junior Varsity Team. The team was low in numbers of returning players but new talent was found and developed quickly. The team had twenty-five members who were full of inspiration and enthusiasm.

Cindy McKneely said, "I feel the team had a lot of togetherness and respectfulness for one another."

A Success Story For Boys Soccer

This year's Boys Soccer Team has increased its league standings over last year. The team, made up of mostly juniors and seniors have shown excessive power. The varsity, coached by Mr. Don Beck has improved by his talents. The J.V. was coached by Mr. Doug Poppe.

The varsity squad was off on a slow start, but was able to pick up and get going. With players like Doug Beck playing center forward; and goalie Todd DeLaughter the team was able to finish the season with triumphantly.

Girls Softball Adds Another Chapter

The Girls Softball team performed great this year. Off to a slow start the girls worked harder than ever to perform as a well-skilled team. Once the girls united as a team they threatened the whole KingCo Conference. Swinging the bat around strong for the team was Vicki Burmeister, Sheri Anderson and Becky Parker. The team consisted of 19 members with eight Seniors, six Juniors and five Sophomores. Coached by Mr. Jerry Bermeryer the team enjoyed themselves all season and showed what Rebel pride really is!

J.H.S. Batters Continue In Victory!

With the goal of reaching the state play-offs, the JHS baseball team started off their season winning six out of nine pre-league games.

Coach Gary Groenen said this year's team works well together as a good hitting team and also as a good defensive team.

Returning senior leaders include Jeff Maltese, Eric Holt, Rick Joines and Greg Jensen.

Although this year's team is "one of the best teams we've ever had" according to Coach Groenen, their toughest competition was against Lake Washington and Newport High Schools.

With many injuries during the season to some of the varsity players, the team put forth a total effort and succeeded in having a winning season.

Topic of Mardi-Fasch-Ca - Internationality!

Since Mardi-Fasch-Ca is the combination of three languages, French, German and Spanish, it seems only logical that the theme should be: "International: It's a small world." People were encouraged to attend dressed in different national costumes.

Mardi-Fasch-Ca was on Friday, April 15th. The carnival started at 5:30 and continued to the dance at 9:00. The band was "Star" and was a big favorite with the crowd. The dance ended at 12:00, so there was a whole evening of fun. The evening's attendance was estimated to be around 2000, largest ever!

Most everything was planned by a group of energetic, creative Seniors, helped by the tireless Frau Clauson. They arranged and built booths, organized the restaurant, scheduled entertainment, drew and painted posters, wrote the assembly, organized the raffle and cleaned up afterward. They were: Michelle Awasthi, Terence Buchacher, Sidney Cain, Doug Chesler, Kathy Diessner, Val Fry, Gretchen Grant, Tim Genske, Camie Harper, Anne Henriksen, Becky Hodge, Laura Lane, Reava Rueb, Kristen Schill, Bill Schulz and Donna Zimmerman.

Mardi-Fasch-Ca is not only fun for the people who attend it, but it's also fun, and an experience, for those who planned it.

Once Again, J.V. Swings Into Action!

Junior Varsity Cheer Staff stood behind JHS Athletes and supported them all the way. Debbie Cory, Liz Allen, Joann Rice, Tammy Peterson, all sophomores were chosen to be Junior Varsity Cheerleaders just before basketball season began.

New bright uniforms added an extra touch to the well practiced routines and cheers. The Junior Varsity Cheer Staff was pleased with all the support they received from the whole school. The girls did a great job of cheering all year long.

Lets Give a Hand For Our Rebel Rowers!

The Varsity Cheer Staff did an outstanding job of bringing our spirit to its highest potential. Working not only by cheering at all sports activities; the cheer staff of ten, two Yell Kings and eight Cheer Leaders were busy in many other activities; planning pep assemblies, painting terrific posters, and attending before-game dinners.

Kim Burmeister, Cheer Queen, did a great job in leading her squad in performing excellently. The Cheer Staff boosted the spirit and moral of every individual. This year's Cheer Staff was given the opportunity to have a class during the day where they could plan events and practice their routines. Cheer Staff worked long and hard throughout the year and every one at Juanita appreciated the great job they did.

After a years absence, Mr. Tom Reich is back in the music department directing the Swing Choir and Concert Singers.

The Swing Choirs and the Concert Singers sound as good as ever and have many new faces and voices. Two members of the Swing Choir were chosen for All State Choir; Carol Hurry and Martin Beresford. The Concert Singers entertained elementary students and performed at the Seattle Center during the Christmas season.

The singers of both choirs are very pleased to have Mr. Reich back.

Clockwise from upper left:

* Jack Day and Roni Levinson watch Mr. Reich closely for the cut-off.

Sounds Unlimited Coming From Band Room

There's a lot happening in the music department. You find that out just by walking down the hall.

One of the biggest changes is that we have a new band teacher, Mr. Bruce Gutgesell. This is his first year teaching. He graduated last year from the University of Oregon and he plays a terrific trombone. He directs all the band classes, and goes to all the home games to direct the Pep band. That's a lot for a beginning director. But he does it all cheerfully and with lots of spirit.

So, a former Duck becomes a spirited and energetic Rebel.

Clockwise from upper left:

Juanita has expressed its many likes and dislikes in fashion through the students. This photo represents the five most widely seen shoes at Juanita. These shoes range from a simple casual shoe, to a shoe that can be worn with the fanciest of dresses.

Fashion at Juanita high school is displayed in a large variety of styles, it includes styles such as; the leather jacket exhibited below by Don Rainwater and this simple yet stylish jumper. ★

To the far right Diane Clautier, and Bruce Greenwood model typical Juanita dress. To the immediate right we have illustrated one of the most popular fashions at Juanita - Gaucho's boots, a vest, and a cowell neck sweater. Its amazing to realize that next to the star jean, this is one of the biggest fashion crazes seen at Juanita

Short hair has really started to make an appearance at Juanita not only the girls, but a vast number of guys have switched to a shorter hair

The tradition has always been the guys looking over the girls, but fashion on the high school level is starting to take a turn. The girls are starting to look over the guys, and the guys at Juanita are taking advantage of that fact, and looking better than ever. To the immediate left Nancy Ullery wears a jumpsuit.

Drill Team Thesis: This Time Its For Sure!

With flashy new steps and routines the Drill Team performed professionally. All the girls on the team worked hard not only on their well maneuvered dances but also on many fund raising activities. They were always sponsoring bake sales and car washes. During the holiday season to raise money the girls sold giant coloring books.

Starting late in the football season the drill team gave tremendous effort to debut during Homecoming Week. To keep all the girls on their toes; the team had 16 performing positions with two alternates, who rotated in each week. All members work hard each week to keep up on the current routine; with the top 16 performing that week. Team Captain Lisa Sental was very proud of her squad. Brenda Edwards, Secretary and Mindy Meyers, Treasurer and Debbie Fuller, Sergeant of Arms; all added special effort to help the team be successful.

Step Down and Move Aside NBC... ... J.H.S. is Coming !!

What is Juanita without T.V. news? The bunch of bananas who try their best to entertain us, also learn, thru all the fun, how a T.V. news show is put together.

This year T.V. production had a small group of super-enthusiastic kids. They had to be at school by 7:00 on Tuesday and Thursday and also frequently had to stay after school for taping. The group only numbered about nine which barely filled the necessary seven positions needed to make a news show. On top of that, they had to wrack their brains for interesting and funny ideas for the show, which is hard at seven a.m.

With the few people they had, they couldn't make as many shows as previous years, but what they made were great.

Nursery School: Old Helping Young, Young Teaching Old

The girls this year had a really fun time helping the children up in the nursery. The nursery is above the music department so it gives privacy and quiet to this unique class. It teaches the girls how to handle young children, how to talk to them, what they like. The children also learn about "Big kids" and that they aren't as scary as they seem. They play educational games, sing songs and just have an all around nice time.

The class meets one hour a day, every day. Both age groups love and learn a lot from it.

ANNUAL STAFF:

Binders of the Book!

Juanita High School

Page - 148

The Annual Staff was kept busy this year to say the least. Endless hours were spent not only during school, but after school and on weekends correction pages, cropping pictures, writing cuts and typing copy. There was always something to do, especially during deadline time.

Editors Donna Zimmerman and Tory Peabody put in countless hours of their time after school doing numerous things to make sure all pages were correct and completed. They were vital and very important to the making of this year's book. But the yearbook would not be what it is without the help of the advisor, Ms. Susan Ruble. It seemed as if her work was never done but she always came through with a smile.

Things could get a little hectic, but through it all we learned to work together and still come out laughing. This year's staff worked persistently and tirelessly to save the memories of this year.

Student Body Building Involvement

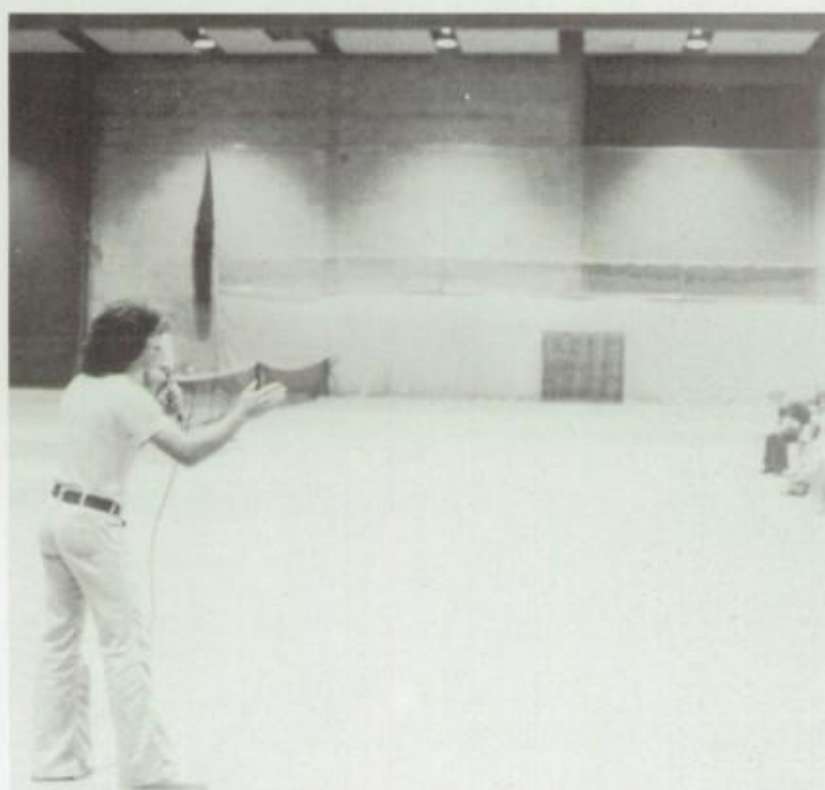

This year's Associated Student Body (ASB) was very busy with activities aimed at improving the school and its attitude. The ASB's main goal was to improve the school's spirit. To do this they tried to get as many students as they could involved. President Dan Brooks accomplished this through assemblies such as "The Great American Teen," and an assembly featuring a speaker on Positive Image Building and the usual pep assemblies.

A Student Senate was formed this year. Students wishing to become members had a petition signed by 60 students willing to back their candidate. Their purpose was to improve the school spirit.

Other ASB projects included cleaning up the school and its parking lot, finding a solution to the smoking problem and trying to get a government center. The center would be a place where the Executive Cabinet could meet and also keep its files.

The ASB Activities Committee, headed by Kris Torpin, was active in getting students involved by planning an assembly a month, school exchanges involving school leaders, and several dances.

Sophomore, Junior, and Senior Cabinets worked together to plan distinctive activities aimed at furthering the overall ASB goals. The Sophomore Cabinet was advised by Ms. Pat Smith; while the Junior Cabinet worked with Ms. Barbara Hawley; Ms. Joan Horn followed through as the advisor for the Class of 1977.

D.E.C.A... Involvement, Participation, Money

The Distributive Education Club of America (D.E.C.A.) at Juanita in just one year has become an important and meaningful activity to everyone involved with it.

D.E.C.A. started off this year with over 30 members. During September the club elected officers who included Dave Miller- President, Mike Cory- Vice President, Terry Pringle- Secretary, Karen Lund- Treasurer and Mark Prall- student store manager; the club also formed committees for different areas of activities. A student store construction committee was formed for the purpose of designing and building the Student Store. A student store inventory committee which decided on what to sell in the student store was developed. A goals setting committee was formed to make up a calendar of events, and projects, with completion dates. A constitution committee was formed to make up a D.E.C.A. constitution.

Also during September seven members attended the area one conference at Shoreline Community College. The seven students were able to attend workshops on student store, job interview, money raisers, sales demonstrations, advertising, public relations and speeches.

The first project the D.E.C.A. Club undertook was a landscaping project for a park at Totem Lake. The club spent time working after school for about two weeks and earned \$800.00. D.E.C.A. also made over \$900.00 in just three days by selling Christmas candles. During the Christmas season D.E.C.A. members not only participated in the Senior class Christmas tree sales but also helped the Kiwanis tree sales for thirty percent of the profits.

Two members of the club, Mike Cory and Mike Sims attended the Governor's Conference in Olympia and Jerry O'Brien and Mike Sims attended the Western Regional Conference in Phoenix, Arizona.

D.E.C.A. also held a food drive contest between the classes in which the Senior Class won.

Many members also attended the Area One conference in Everett in February; and the State Conference held in Spokane in March. Other activities during the spring included putting on a dance and holding a banquet.

With the cooperation and participation of all the members, DECA became a major success and a tribute to Mr. George Spear, coordinator, and Juanita High.

Go To Dinner, Run a Yard - with Girls Club

Girls' Club sponsored many activities this year. Every Monday afternoon there was always a group of girls planning and discussing their up coming events. The girls put on an all sport dinner where all the fall athletes got together and ate a feast. The club's big event was the Christmas Tolo. The band Collage played and appealed to the moods of various couples.

Guardian Angels were also organized by Girls' Club. Denni Chukitus and Mary Ellen Timmons were in charge of all Angels. Denni was very pleased with all the girls. She said, "The girls had lots of fun and were enthusiastic all year."

Michelle Awasthi, president of Girls' Club worked hard all year with the members to bring many highlighting events during the year.

INTRODUCTION: Honor Society Has Its First Year.

This was the first year of National Honor Society at Juanita High School. Membership was granted on the basis of scholarship, leadership, service and character. The Honor Society was busy this year with their goal of establishing the chapter as a service organization; more importantly, to create an image as an active group willing to give something to their school.

Elections of the officers were held at the start of the year and the results were as follows: President-Jil Longway, Vice-President-Chris Coady, Secretary-Carol McCracken, and Treasurer-Ilo Hunter. Honor Society consisted of 39 seniors and 43 juniors. The group was advised by Ms. Suzanne McQuary.

Honor Society was engaged in many projects. Projects included: a Football Guest Guesser, a Welcoming Committee introducing new students, Christmas caroling at Evergreen Hospital and Evergreen Vista Convalescent Center, a Mardi-Fasch-Ca Booth and tutoring other JHS students.

Dear Mrs. Shahan,

1976-'77

We're so sorry to see you go! Throughout the years you've been such an asset to Guanita and a great friend to all of us, without you it just won't be the same! Hope you have a happy life in Sunny California.

Sincerely,
The students of
Guanita H.S.

Totem Lake — Upper Mall

How to ride a bus in one easy lesson.

You can take Metro Transit to and from downtown, neighborhood business districts, shopping centers, recreation areas, any number of places. It's easy, and a lot cheaper than driving. Which is something to consider these days.

If you're thinking about riding the bus but aren't sure how to go about it, we offer the following tips.

Getting fast answers.

Until you're familiar with the Metro system, the first thing you should know is our 24-hour information number. It's 447-4800. (In rural areas, call toll-free 1-800-542-7876). Call us anytime with any question. For example, if you tell where you are and where you want to go, we'll tell you what bus to take, where to catch it and what time it goes.

Timing is everything.

One of the handiest things you can have is a timetable. Use it and you shouldn't have to wait for the bus, at least not for long. Besides giving bus times, a timetable shows where the route goes, where you can transfer to connecting routes and other helpful information. You can get timetables on buses, at our Customer Assistance Office (1214 Third Avenue, at University Street), or any of about 500 outlets in King County. For the one nearest you, call 447-4800. (There's that number again.)

Here's another bit of good timing that can make your ride more enjoyable. If you use the bus for shopping or recreation, try to time your trip to miss the "rush hours." These are from about 7 to 8 a.m.

and 4:30 to 5:30 p.m. on weekdays, when many people ride the bus to or from work. Whenever possible, it's best to ride at other, less crowded times of the day, or on weekends.

To pay or not to pay.

Bus fare for people age 5-15 is only 30c. For people over 16 it costs an additional 20c if you cross the Seattle City Limits.

The general rule is this. Pay *when you get on* if you're heading *toward* downtown Seattle (or if you take a bus that doesn't go downtown).

Pay *when you get off* if you're heading *away* from downtown Seattle. And pay *nothing at all* if you get on the bus, and off again, within downtown Seattle's Magic Carpet area bounded by Steward and Jackson Streets: the Waterfront and Sixth Avenue and the Freeway. Anywhere inside that area, your ride is free.

Changing buses.

If you need to change buses to reach your destination, ask your driver for a "One-Hour Pass" *when you pay your fare*. It enables you to continue your trip on other Metro buses — or return home — for free, if used before the time shown on the front.

Catching the bus.

You can catch a bus wherever you see a Metro Bus Stop Sign. If you're in a suburban area where there are no posted bus stops, just hail the bus. Try to pick a spot where the bus can safely pull off the road to pick you up.

Getting off the bus.

As you approach your destination, pull the signal cord

(it's just above the window) to let your driver know you want to get off. In Seattle, signal just after the bus pulls away from the stop *before* yours. In suburban areas without posted stops, signal about a block before you want to get off.

If you're not sure whether you're boarding the right bus, or if you don't know where to get off to reach your destination, ask your driver. He or she will be glad to help.

Free Rider Handbook.

If you've found this information helpful, you may want to send for our free "complete course" in bus riding. It can include any of the following: a handbook with information enough to make you feel like a pro your first time out, a map showing where all the bus routes go, timetables for the routes serving your area, and a Fun Book that lists nearly 300 fun places to go by bus.

Ask for the ones you think you need and we'll send them to you in a handy Rider's Kit. Just write Metro Transit, Box 4325, Seattle, WA 98104. Be sure your letter states where you want to leave from and where you want to go, so you'll get proper timetables.

A Playfield of Fun- All Year!

This year's copy staff was one of great enthusiasm. Steve Richardson puts it perfectly. "Working on the staff was the highlight of my life, and I don't know if I could have made it through my senior year without this class." Karen Lund has another way of expressing herself. "If I had to do it all over again- I wouldn't- no actually I'm planning on being the advisor of the 1988 Retrospect Staff as one of my major goals in life— because it's so fun and rewarding. Linda Pittis has another way of describing how much she enjoyed writing copy. "Everything in Annual staff was a blast except for doing copy." A quote from the desk of K.D. Schill. "This isn't Annual staff, it's Monty Pythons' Flying Circus." Paul Van Slyck "Annual- a term I use to describe miserable joy." ¹

The layout staff had fun and learned something, we still don't quite know what. Jeanne Cowan did; "I learned how to crop pictures in this class which could be a benefit for future use. Martha Miles did something worth while, "Hey Ms. Ruble I've got my pages done. Is there anything else that needs to be done? Like typing?" Nancy Harrison puts things in simple terms "Great". Along with the good comes the bad as Lori Johnson puts it "I enjoyed doing the class pages as much as I would enjoy cleaning the White House by myself." Hilary Ray describes the feelings of the whole class "Annual is a class only for people who are brave enough to stand up to a firing squad." Joanna Smith stated her positive feelings; "Being on Annual Staff was a rewarding way of ending MY Senior year." ²

Photo Coordinator was a tough job, as Denni Chukitus explains, "Being Photo Coordinator for Annual Staff was a real joy and an exercise in desperation." Cindy McNeely was our Business Manager. The experience affected her this way: "Since I became Business Manager in Annual Staff I've gone money happy." Our Photographers were Ed Wilderman and Terry Buchacher, (a person of many words who once said): "What?! Print to size?!!" ³

Hanging by her knees, Advisor Ms. Susan Ruble exclaims "Where is Deni! What do you mean no one knows! Well, is Terry taking pictures? He should be printing that team pic. DONNA, TORY, I don't know how we'll ever get these pages in on time; we still need copy written and typed, and there aren't any pictures! Oh, I feel sick!!!" And last our glorious editors Tory Peabody and Donna Zimmerman. Donna describes her experience as being editor in this way "I know that as long as I live, deep down inside a small part of me will always be hidden away in the JHS Graphic Arts room, working long after dinner (with four more hours to go and dots floating before my eyes)" Tory just says "5:00, 6:00, 7:00 Boy, the Graphics room is beginning to look like home!" ⁴

1. The Copy Staff slides down; first is: K. D. Schill, Then Linda Pittis, Paul VanSlyck, and Steve Richardson. Not pictured is Karen Lund who never quite made it to the top of the slide.
2. Performing their horse routines Hilary Ray, Lori Johnson, and Joanna Smith try to synchronize the moves at the tail end—while Marth Miles, Nancy Harrison, and Jeanne Cowan complain of saddle sores. Layout Staff forms a Posse.
3. Denni Chukitus swings through the seventh deadline. Money Manager Cindy McNeely enjoys endorsing all checks. Photographer Terrence Buchacher frolics in front of the camera.
4. Her world upside down, Advisor Ms. Ruble tries to get a better view. Their world spinning around fast, editors Donna Zimmerman and Tory Peabody keep their cool!

Acknowledgments:

This year's annual staff would like to give special thanks to the following people:

- * Curt Durham - Pishel year-book representative.

- * Rex Barnes - Our Pringle Marchant representative.

- * Terry Buchocher, Denise Chukitius, Cynthia McKneely.

- * Mrs. Susan Ruble - Our advisor and good friend

- * Donna Zimmerman and Jay Peabody

- * The faculty and administration

- * The students of Juanita High - a group of students that produced this terrific year book and capturing.

Lori,

We've had a lot of good times together, going to parties and all. I know this summer is going to be great, going to parties and having a good time. I hope we meet some good looking guys this summer and next year.

It's too bad Kurt had to move. You and him might have hit it off good and then you could have made "babys" just joking.

Well I really don't have much else to write because I see you every day. Except keep on driving by Volvo and trying to get a peek at Steve.

Love
Lyla

Lori,

Well another year is over and we're going to be seniors next year. I can't wait. I'm really glad I got the chance to know you this year because you're one of the sweetest people I know. Have a great summer and I hope I run into you somewhere.

Love
Lisa

Loie,

Well this year just flew right by but we managed to squish in a lot of partying and fun. I'll never forget how you started up Steve's motorcycle up in the house. I don't think I've ever seen you so drunk! It was a blast. Spanish wasn't one of the funner classes but it was our only class so that accounts for something. Call me this summer so we can go to Brad's or find a party or even start one of our own. I'll see you next year and for sure in the summer. Stay high always! Which isn't hard for you seeing as you're such the stoner! Only kidding!

Love Always,

Merry

Loie,

I remember at the beginning of the year I thought you would never talk to me. Then second semester came + we still were not though with algebra + we both were on the same unit. It sure took us a long time to get done with that class, everyday would be just one ^{big} gossip session it was fun though. You are a really neat person to talk to. Anyway I hope you have a great summer. I'll probably see you at the beach or something. Well you're going to be a big senior next year so don't forget me ok!

Love Cheryl Hankins

Lori,

your a really nice person + friend to me. call-
I Hope I see you + hyla this summer alot - 827-9420

Please stay the cute + sweet person you are.

It was a stoney blast in P.E. huh? Ha Ha.

Bye love Always

Dama.

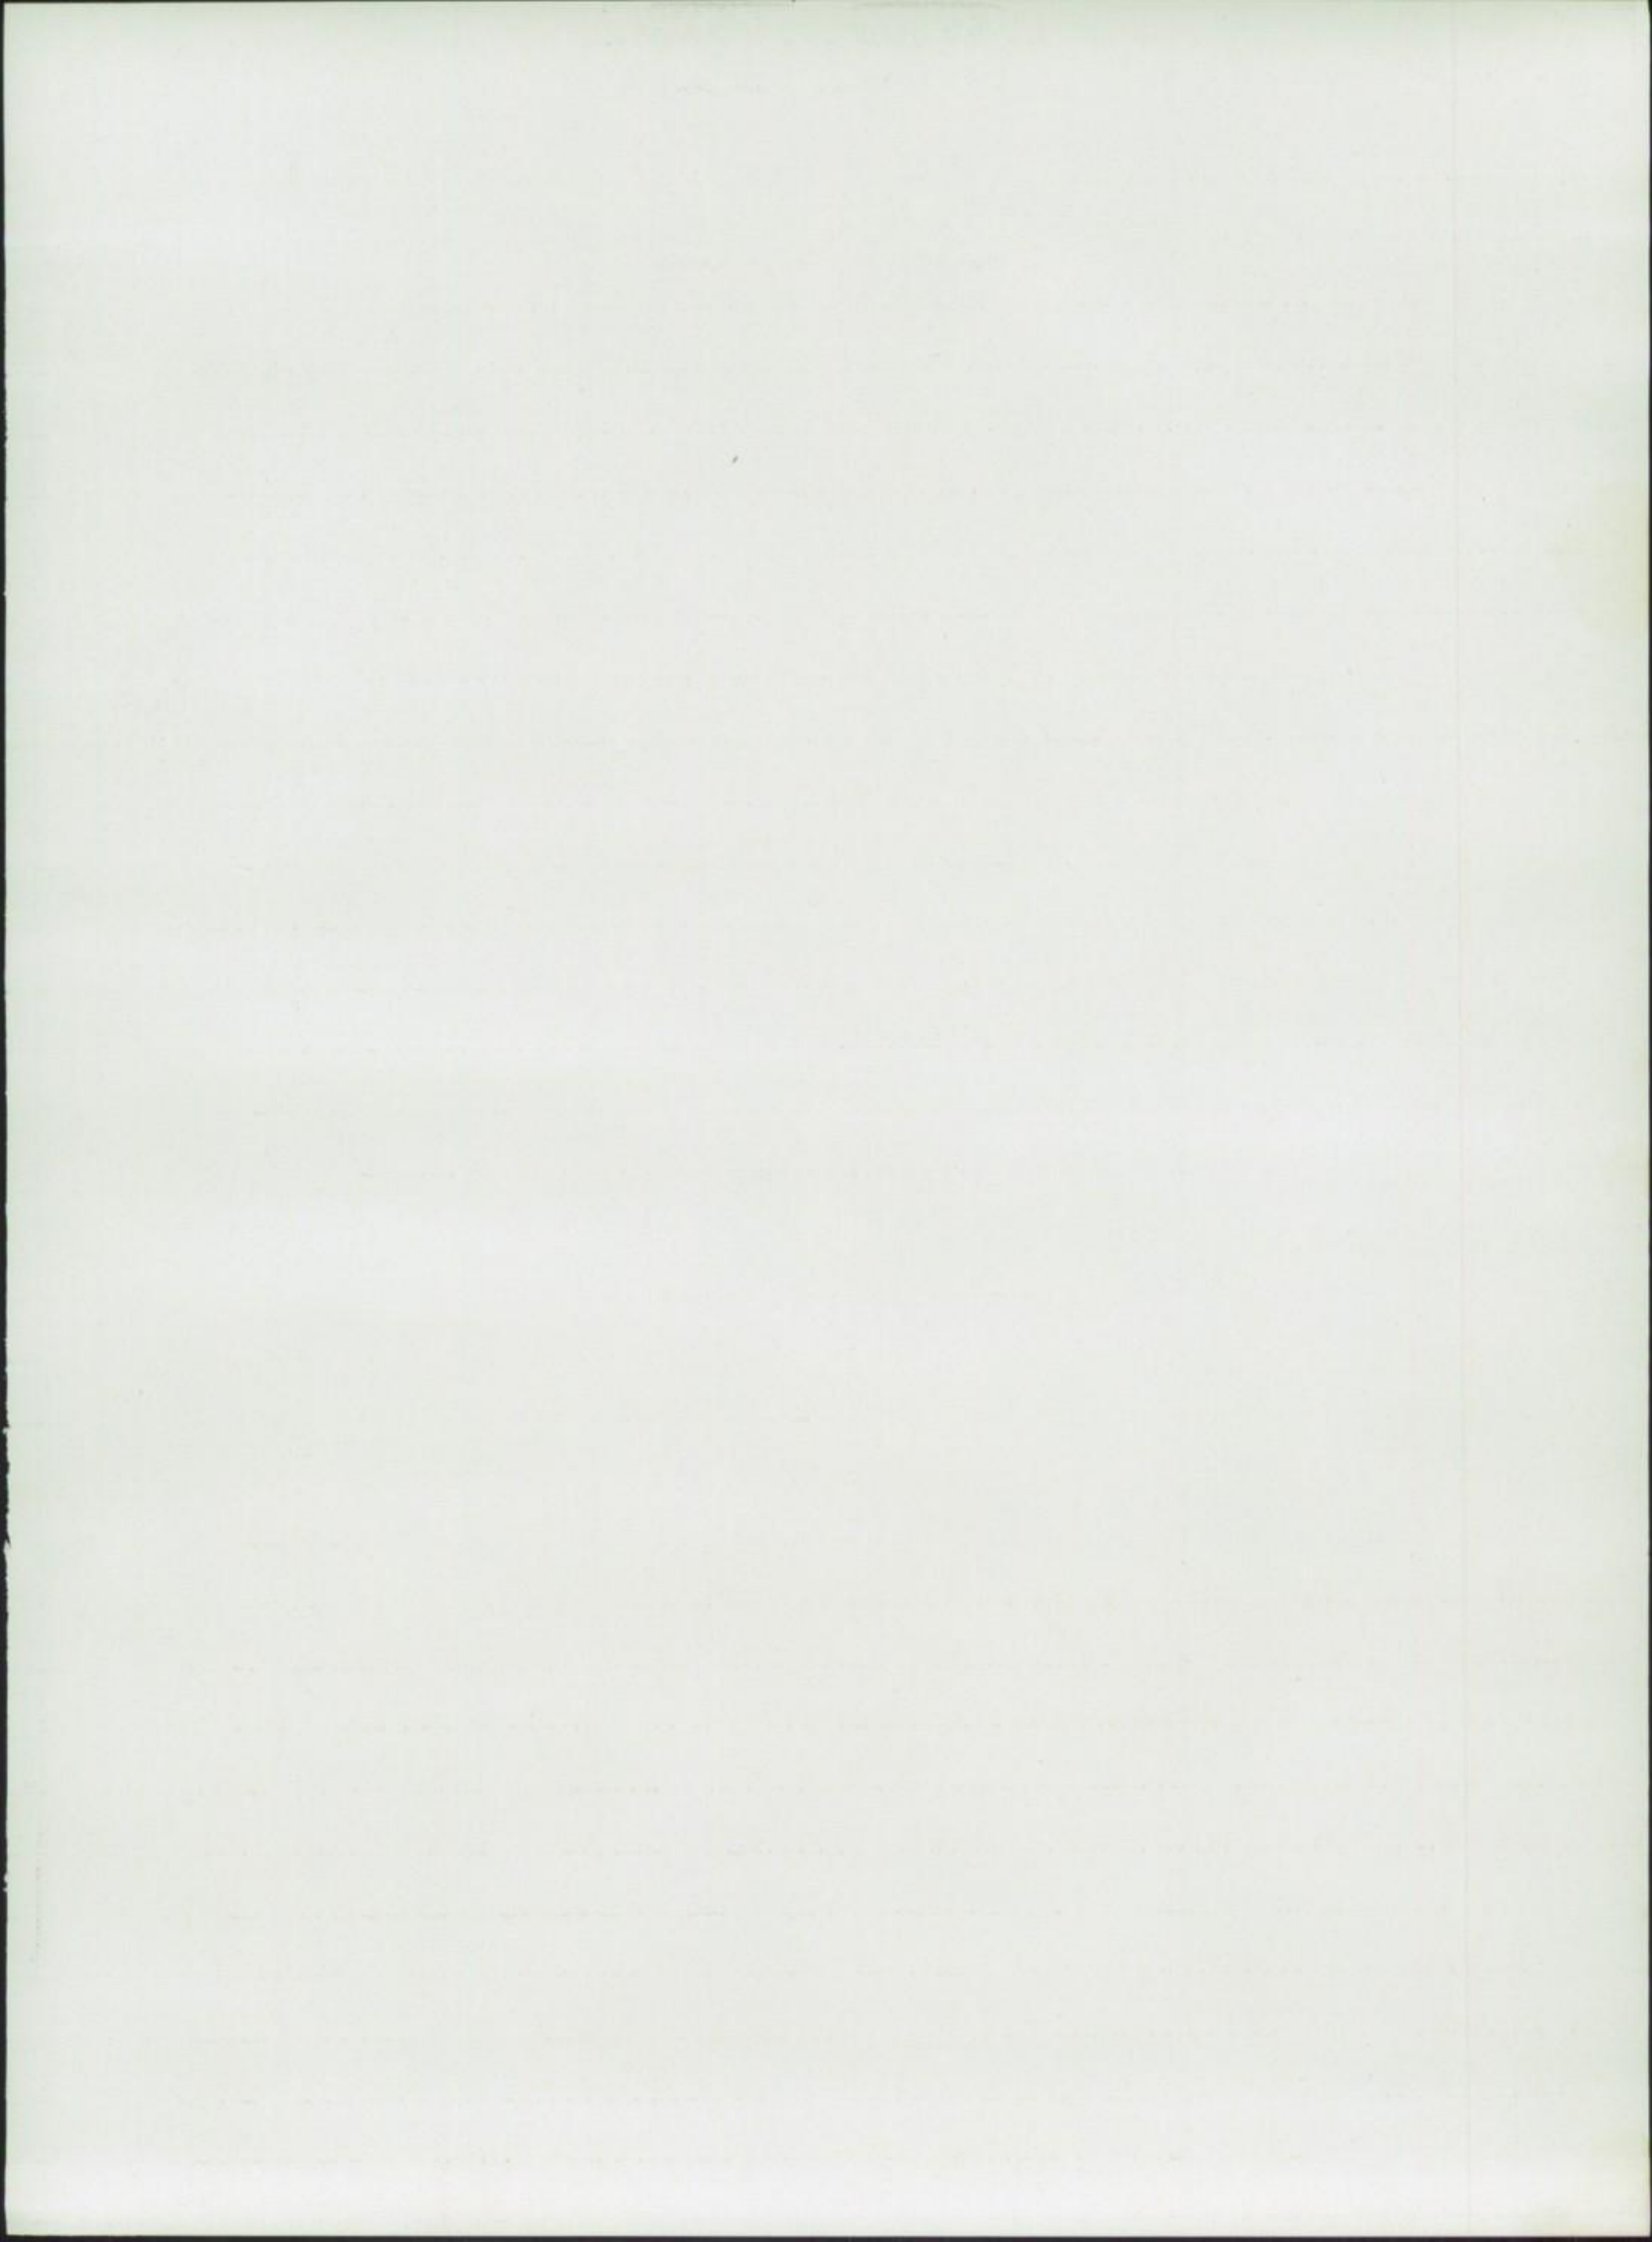

Lori

Hope to see a lot of you
this summer. Well have to get
together some time and go
partying. Don't do anything this
summer I wouldn't do. Sorry
this is so missce and miss spelled
but I am very drunk and its
hard to write.

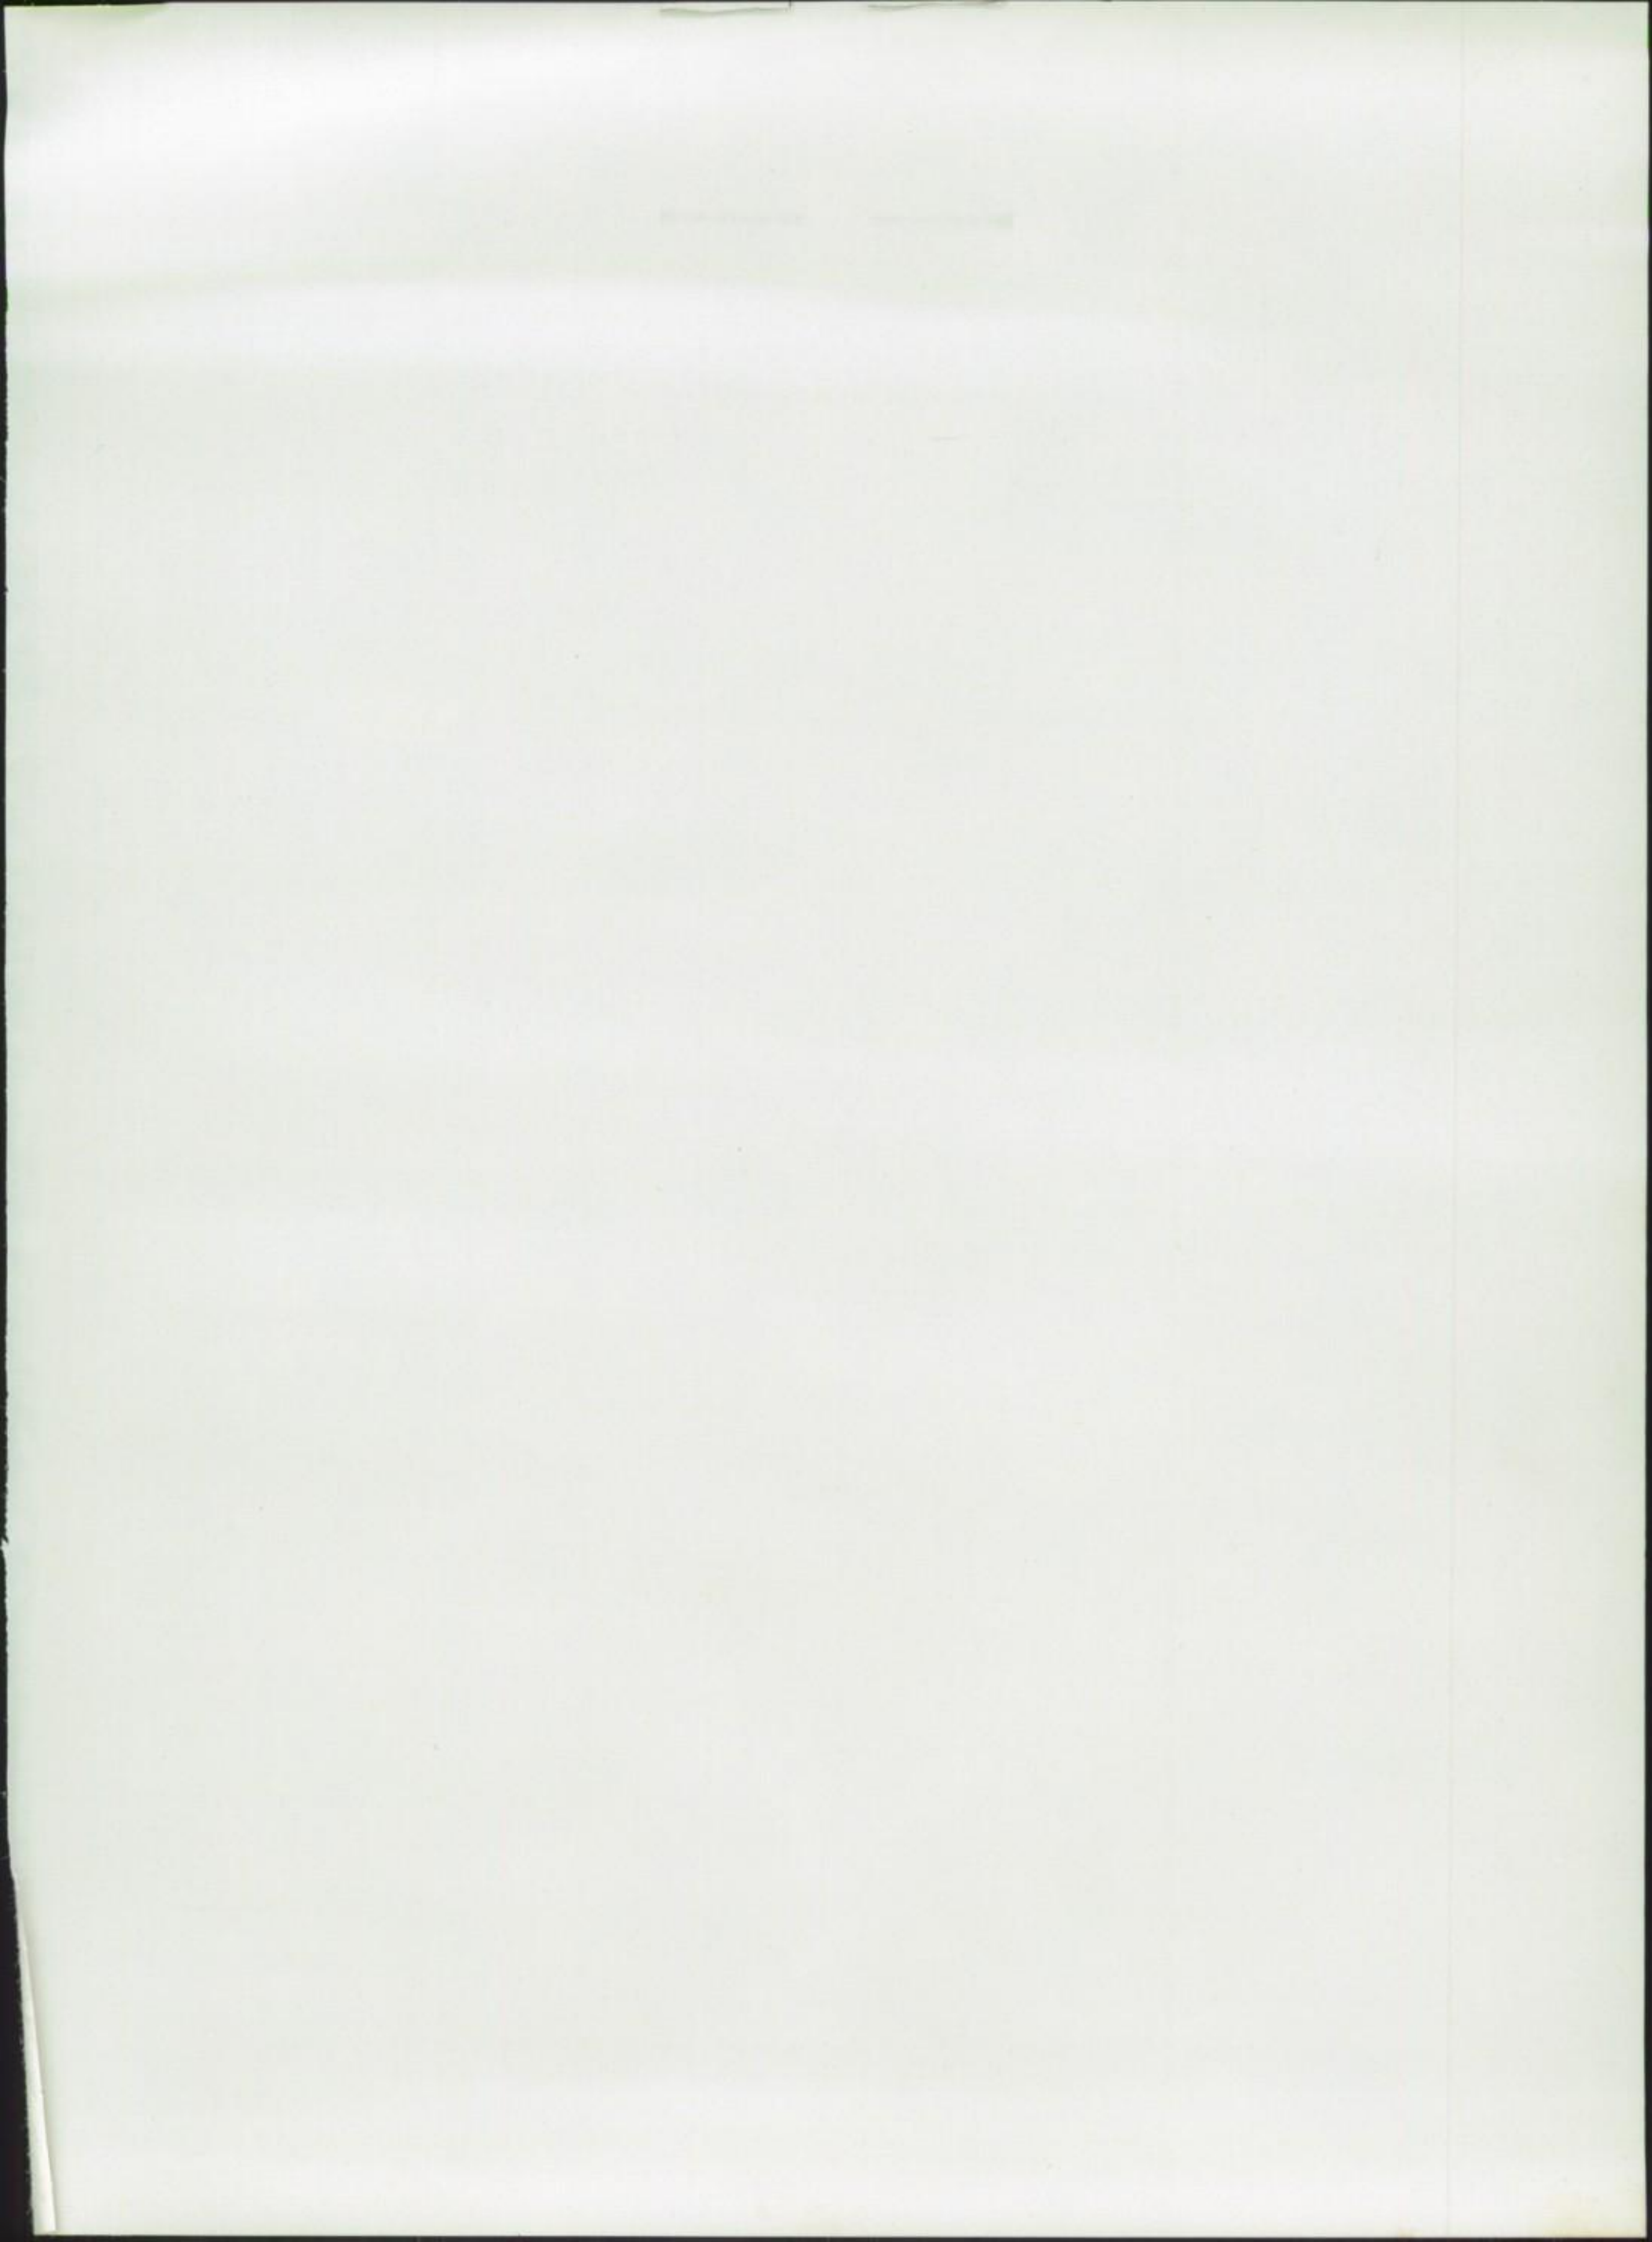

Love always
